SPECIAL THANKS TO:  
Our veterinarians, who accept monthly  
payments on their bills.

For their generous assistance. They may  
never know how many beautiful lives they  
have saved through their kindness.

**Here's How YOU Can ADOPT ONE of  
Our VERY SPECIAL KITTENS!**

KRM is **very** careful about the homes our  
kittens go to. Obviously, since they've  
already endured so much trauma, we **must**  
place them in stable homes where they'll be  
**loved and cared for . . . the *rest of their***  
***lives!***

**Terms Of Adoption**

- The home or apartment will need to be inspected by KRM agents.
- The new owners will need to attend a mandatory one-day class on "kitten-proofing" your home.
- Swimming pools must be fenced in.
- A legal contract must be signed at the time of adoption.
- If the kitten needs to be given up after adoption, the kitten will be returned to KRM. This would be unless a third party transfer of ownership occurs.

**OUR MISSION:**

TO RESCUE KITTENS  
FROM NEGLECT AND  
ABUSE AND PROVIDE  
THEM WITH SECURE,  
LOVING HOMES YEAR  
ROUND.

---

Consider how much love a  
kitten has and how little it  
demands from you.

**Wouldn't a kitten make your house  
more a home?**

**Wouldn't a kitten be something loving  
to come home to?**

**Wouldn't a kitten be something easy to  
love?**

# DONATIONS AND VOLUNTEERS ARE VITALLY NEEDED!!

Increased volume of incoming kittens, veterinary hospital costs, and boarding costs constantly drain our resources. Many of these poor kittens have been sorely neglected and not received medical attention ever! Many came from an unwanted litter.

KRM aggressively seeks the best care for our rescued kittens—this often entails second opinions and surgeries. Thank goodness for the kindness of local veterinary hospitals and clinics who accept monthly payments as they help us care for a large number of rescued kittens! Our current bill is several thousand dollars and escalating daily.

The success of our organization is due to the untiring efforts of KRM members, and the generosity of our friends and supporters. **Please join us TODAY and HELP SUPPORT our rescue efforts!** Without your help, KRM would have to turn away many needy kittens.

## SOME OF OUR KITTENS HAVE BEEN THROUGH TERRIBLE ORDEALS . . .

When Pearly, a white Himalayan, came to KRM, she had terrible skin lesions caused by neglect and allergies. In addition, the poor kitten was starved for food—and love.

Proper nutrition and allergy treatment quickly improved Pearly's outlook on life. The loving care she received in this foster home . . . then in her permanent home lifted the kitten's spirit and renewed her trust in people.

Pearly's purring did not stop for three days when she arrived at her permanent home.

Pepper's owner loved him very much. She let the black Bombay kitten sleep with her every night. But then, one terrible night, the house caught fire.

Pepper ran out on the wooden deck—which collapsed beneath him in flames! Panicked, he sped off into the winter woods. The little fellow never saw his first owner again.

KRM stepped in when Pepper was starving and got caught raiding a chicken coop. A married couple soon adopted him.

In his new home, Pepper discovered his own scratching post, litter box, and toys on his first day. He spent the rest of the day in "kitty curiosity" examining his toys.
